## WHO WE ARE AND WHAT WE DO

The Alberta Gaming and Liquor Commission (AGLC) operates under the authority of the *Gaming and Liquor Act*. Its structure includes:

***A seven-member board that is appointed by the government and reports directly to the Solicitor General and Minister of Public Security.*** The Board approves gaming and liquor policy to ensure Alberta's gaming and liquor industries are well regulated and managed on behalf of the people of the province. The Board ensures the powers and duties of the AGLC are appropriately carried out through the Chief Executive Officer. Board members also conduct hearings and make decisions respecting licences and registrations, and are responsible for any other functions assigned to it.

***Management that directs the ongoing operations of the organization.*** The Chief Executive Officer of the Commission's management reports to the Board. This structure facilitates clear lines of communication and ensures policy implementation is consistent and operations run effectively and efficiently.

The AGLC's role – through its Board and management – is to administer the *Gaming and Liquor Act* and related legislation. The AGLC is responsible for regulating Alberta's charitable gaming activities (casino table games, pull-ticket sales, raffles and bingo events) and for conducting and managing provincial gaming activities (ticket lotteries and all electronic gaming devices). It also controls the manufacture, importation, sale, purchase, possession, storage, transportation, use and consumption of liquor in Alberta.

Gaming activities contribute to Albertans' quality of life by providing opportunities for charitable groups to raise funds directly for their valuable work, by providing entertainment options to adults in Alberta, and by providing funding used by government to support volunteer, public, and community-focused initiatives. In 2007-08, charitable and religious organizations raised approximately \$325 million through licensed gaming activities under Alberta's charitable gaming model. In addition, over \$1.6 billion of gaming proceeds is provided annually to volunteer groups, public, and community-based initiatives through the Alberta Lottery Fund. In 2007-08, gross revenue from charitable gaming totalled \$1.4 billion while gross revenue from provincial gaming totalled \$26 billion.

Alberta's privatized liquor industry provides increased choice to consumers. As of April 2008, a total of 23,939 liquor products were registered with the AGLC, with 14,411 products available across the province. During the same time period, 1,187 stores were open across Alberta. The private sector operates the retailing, warehousing, and distribution of liquor in Alberta and the AGLC licenses and regulates the industry. The province receives in excess of \$678 million annually through the markup on liquor products sold in Alberta.

The AGLC also has a memorandum of understanding with Alberta Finance and Enterprise to provide enforcement and investigative services related to the *Tobacco Tax Act* and the *Fuel Tax Act*.
