Keys to Responsible Gambling

1. Understand that gambling involves spending money over time, just like any other form of entertainment.
2. Before playing, determine the amount of time and money that is appropriate for you to spend.
3. Set a budget and stick to it. Always play within your limits.
4. Don't chase your losses. Accept them as a cost of entertainment.
5. Don't use money intended for everyday expenses or borrow money to play games of chance. Only spend what you can afford to lose.
6. Take frequent breaks while playing.
